

to the specifications in the facility without an AED may be more at risk for a lawsuit than one with an AED. Recent trends in litigation suggest a

program designed to encourage greater acquisition, employment and use of AEDs in an effort to reduce the numbers of deaths associated with sudden cardiac arrest.

### Strategic Pillar 1

#### Multi-agency training

Use of multi-agency training for system clearance

A UAA department, unit, or other entity that desires to provide an AED

will perform minor

by the department or entity which

the intended users.

in a manner to ensure ready access by

at all UAA facilities, AEDs

Only AEDs approved by the manufacturer shall be purchased and shall be furnished and installed by Facility

notification to the fire chief
