

# Make a Planet Mask

Explore the eight unique planets in our Solar System!

Materials: Planet mask printable (or draw your own), tape, scissors, crayons or markers.

Click on the links to download each planet mask:

[Mercury](#)  
[Venus](#)

[Earth](#)  
[Mars](#)

[Jupiter](#)  
[Saturn](#)

[Uranus](#)  
[Neptune](#)

Instructions:

Step 1: Choose which planet mask to make. Drawing your own, make the planet about the size of your head, and make two eyeholes at the ends to put your eyes through. Cut out the mask, and tape the ends together to make one long strip.

Step 4 Wrap the paper strip around your head until it fits snugly. Have a friend tape the ends of the paper strip so that the ring will stay the right size.
