Emily Rivers is from Stebbins and she talks in a way that I can't understand so she doesn't speak English.

She is about 5'0" tall and about 50". She has short, brown curly hair and she is fit.

Emily is a person that I can talk to and she is friendly and fun to be with. When I talked to her she reminded me of a friend back home. Emily seems to be a responsible and considerate person. For example, she is a person who is responsible for computer network work and accepting the challenge. That's why she came to the RAHI program. She is a considerate person in a way that she respects my thoughts and listens to me when I talk to her.

When I asked her how many people were in the program,

Kathy Milligan by Cheryl Nicolaides

Kathy Milligan is about 5'5 in tall. She is 17.

She has dark hair in a regular braid. Dark hair and skin reveal to me that she is half-breed. The clothes that she is wearing are light-colored clothes: pink jeans.

Want to know more about this person, just go up to her and ask her what you want to know.

Cheryl Nicolai by Kathy Milligan

Welcome. My name is Kathy, and I am here to introduce you to my roomy and friend, Cheryl Nicolai.

As you can see, Cheryl is an amazing person.

Cheryl comes from a small community called Kwethluk. Everyone there is related to everyone else in some sense or another. My friend is very close to the people in her community.

Cheryl is a volleyball and basketball player. She has also won various awards for her volleyball playing and plays every day.

Mary Jacob's "My Dream"

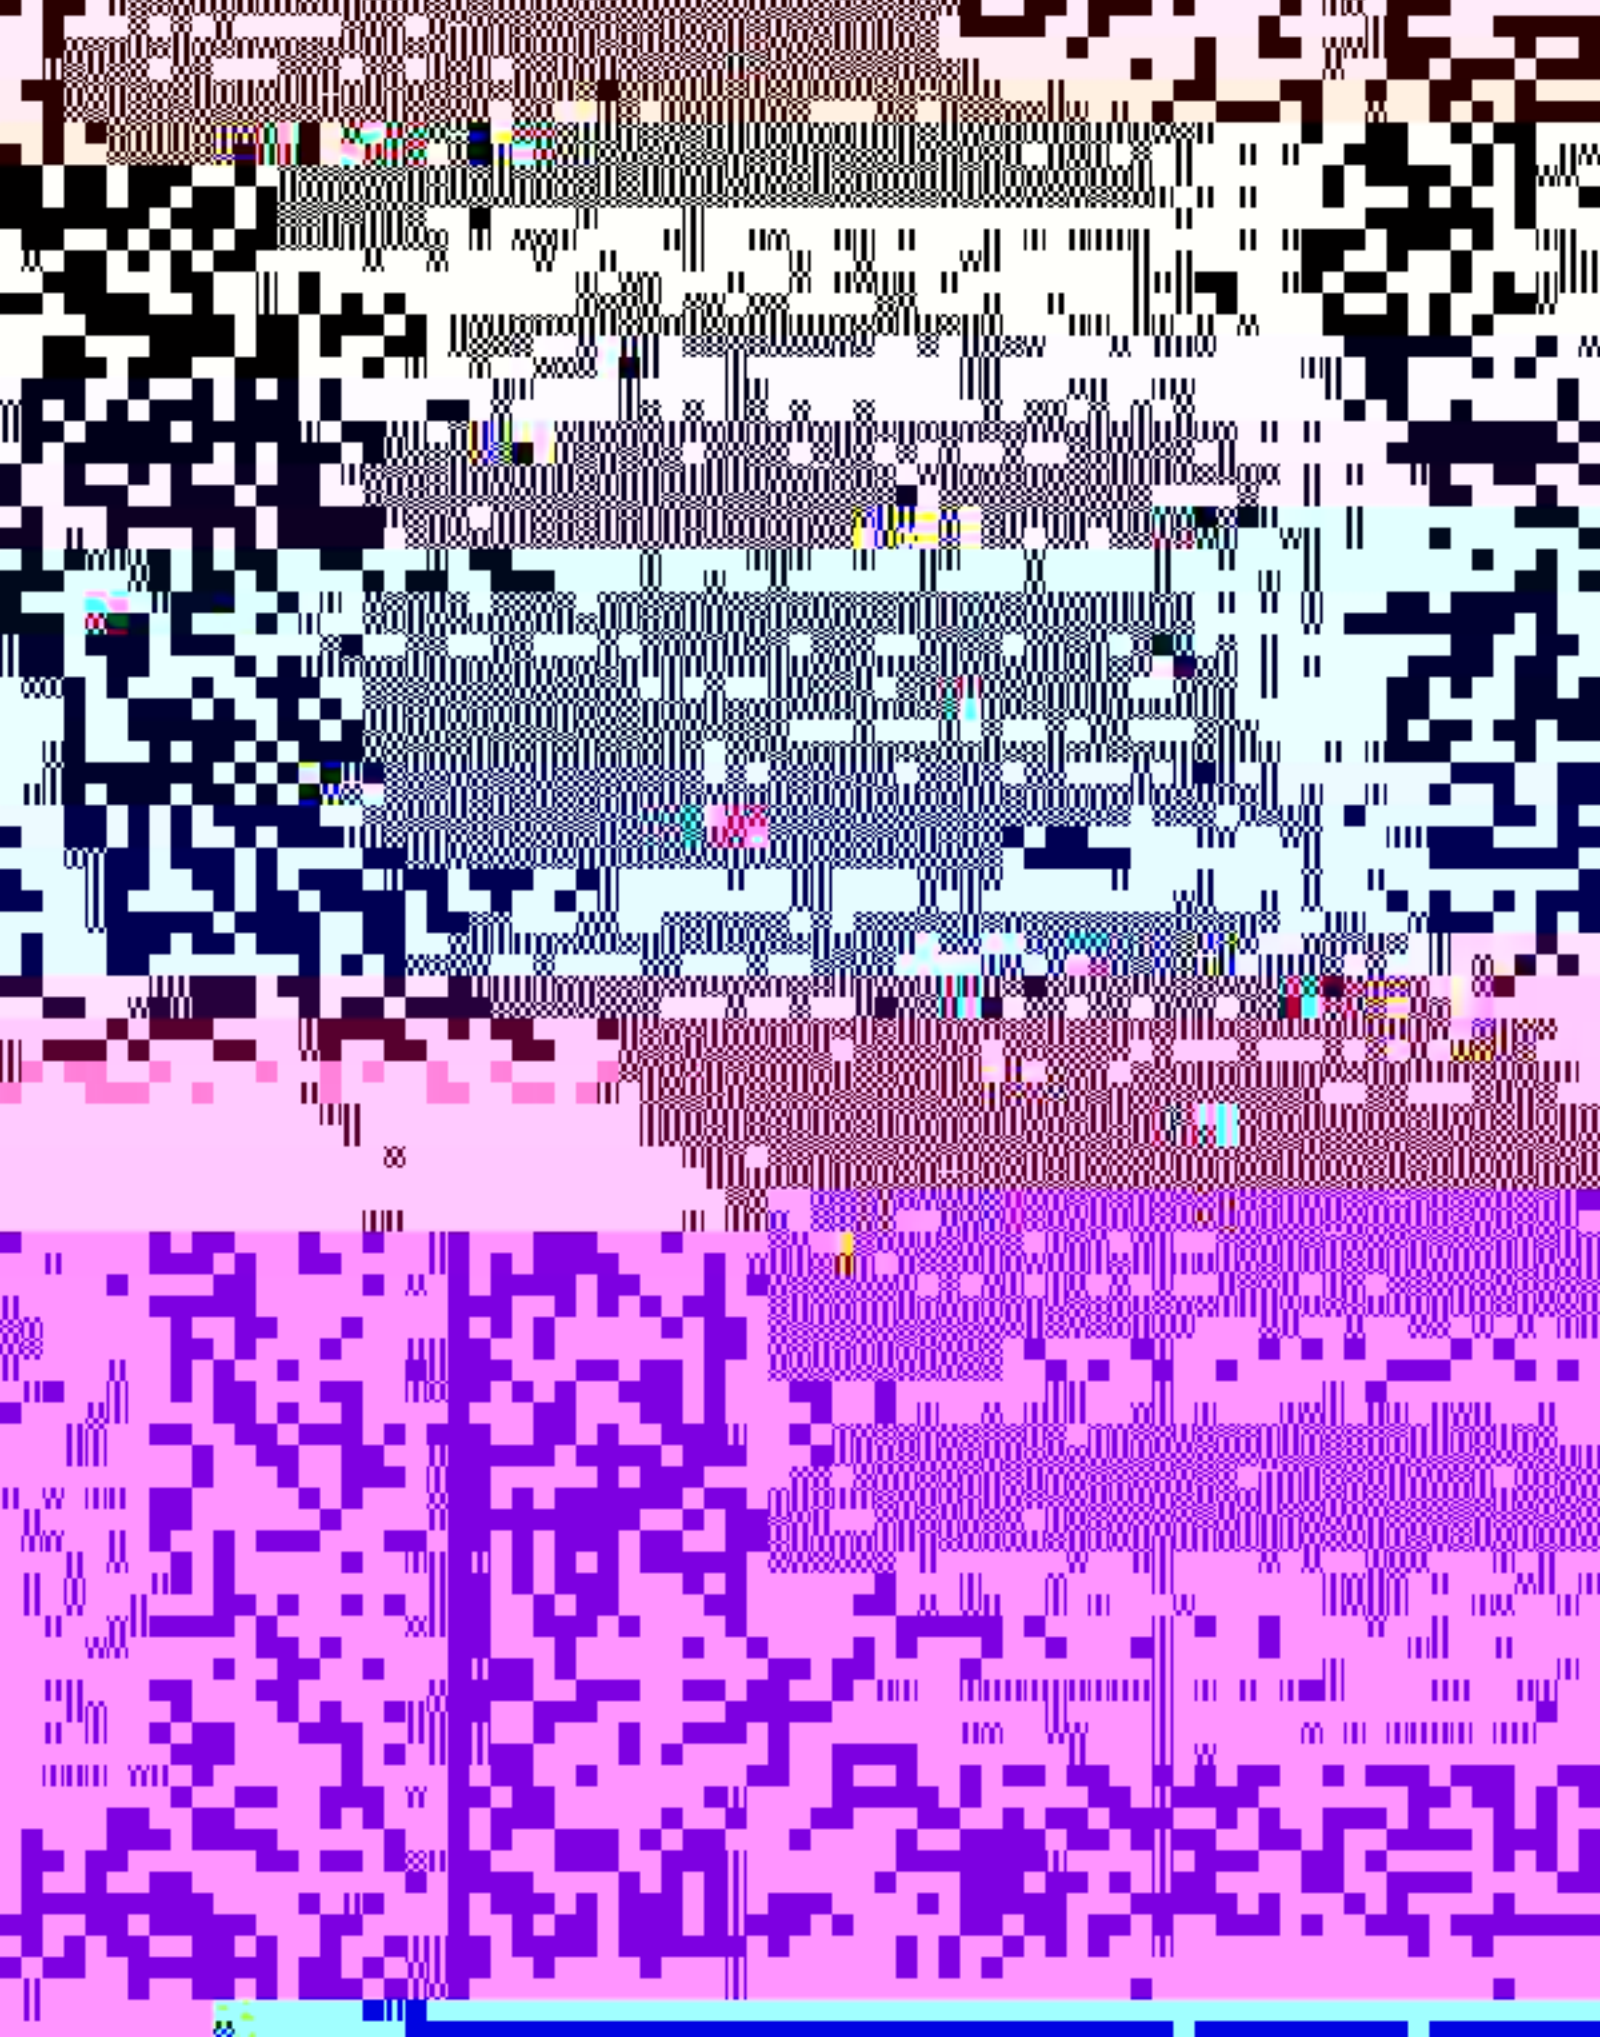

Have you ever wanted to meet that right person who could be your close friend the minute you lay your sorely awaited eyes on them? Well I have and her name is Mary Jacob who is a Yup'ik Eskimo originally from Oscarville (near Bethel) where both her parents, two brothers,

and she have for greatest interest is to travel around this great, huge world to see the different cultures, standard of living, and the weather. Everyone has a dream to accomplish a goal. In my case, yes, Mary's is to become an elementary teacher and work

NYO, track, and basketball.

Dear RAHI Students

I want to take this opportunity to thank each of you for your help during my summer here at RAHI. As you know, I have been gathering video footage and interviews and staff for a future production on the

six months. With luck Jim Kowalsky and I will be able to complete the remaining footage and complete the program within a year. We'll keep you posted via the newsletter on the progress. Again, we are most grateful for your willingness to be open and to share your expertise at RAHI.

What you may not know is how privileged I feel to have met you and learned a little about you. You are each excellent students and people. Sooner than you realize you will be involved in the production of the film and the book.
