

GAAC 9/19/16

Attending: Donie Bret-Harte, Sean Topkok, Roman Makarevich, Mike Castellini, Mitch Reed, Sean McGee, Robin Shoaps, Anne Beaudreau (by phone), Holly Sherouse, Shelly Baumann, Mike Daku (by phone)

I. Minutes from our meeting of 9/09/16 were approved.

II. Updates from the graduate school. Graduate Dean Mike Castellini let us know that there will be both large and small issues for GAAC from the graduate school (Shelly Baumann will shortly brief us on some operational issues from the graduate school). With respect to large issues, he drew our attention to the announcements from President Johnson last week on the first phase of strategic pathways, but Mike hasn't heard yet how the Board of Regents [TJ] 8 of T.46 of Terpi [the] thoughts. How ever of the various Schools of Education goes through, it will undoubtedly graduate school, and result in work for GAAC.

mann asked GAAC about clarification of the 3 credit/1 credit requirement students. Donie provided background that GAAC initiated (and the Senate on allowing graduate students who have defended their thesis to register t in the semester following that one, with the rationale that by that point,

procedure for program deletion was forwarded to GAAC members. It is still under development, and will be discussed further.

V. GAAC reviewed updates on all the course proposals that are currently under consideration. Most need some revisions. GAAC passed **2-GCCh.:** Course Change / Stacking: [\*\*FISH F612 - Fish Conservation Biology.\*\*](#)

VI. New assignments were made.

VII. GAAC will meet again in the week of October 17. A Doodle poll will be sent around to try again to identify a time that works for everyone. Any course proposals that are revised satisfactorily can be passed by email in the meantime (readers please send the revised paperwork to Donie and Jayne, and an email vote will be conducted).
